

Freestone's Winter Wonderland COVID-19 Mitigation Plan
Freestone Recreation Center
December 13, 2020 6-8pm
Expected attendance: 55 people

The Freestone Recreation Center is a 50,000 sqft multi-use facility. On Sunday, December 13, 2020, the Freestone Recreation Center will be hosting a holiday event featuring arts and crafts, socially distanced pictures with Santa and live entertainment. The following mitigation measures will be implemented:

- The Freestone Recreation Center will be open to registered participants only. The facility will be closed to all other traffic.
- Gilbert Parks and Recreation team members have been trained on proper cleaning protocols and are provided with appropriate disinfecting materials and safety equipment.
- Restrooms will be cleaned and sanitized prior to and during the event.
- High touch areas such as doorknobs, counter tops, tables, chairs, hand rails, etc. will be cleaned and sanitized prior to and during the event.
- Sanitizing stations have been placed at facility entrances/exits and throughout the event space.
- Sneeze guards are utilized at the customer service desk.
- Signage encourages physical distancing. Floor stickers and roped barriers are in place to help direct the flow of traffic.
- All staff members have completed a training course on cleaning and sanitizing.
- Registered participants attending the event will be seated at socially distanced tables with seating limited to no more than 6 individuals from the same household.
- All participants are required to wear a face mask at all times unless eating or drinking.
- Arts and crafts supplies will be single use items and supplies will be individually packaged and provided for each participant.
- Traffic flow throughout the event will be minimal as all activities will take place at or around the reserved tables.
- Photographs taken with Santa and Mrs. Claus will be done at proper social distance in a location distanced from the main event.
- Tables will be called one by one to visit with Santa and have their pictures taken. Any high touch surfaces in the area will be cleaned and sanitized between parties.
- Live entertainment will be limited to a single individual, socially distanced and shielded with sneeze guards from the event participants.
